

**To my Guardian Angel  
*for my*  
Peace and Harmony.**

**I welcome and ask my Guardian Angels to constantly be a closer calming and uplifting presence all around me.**

**Please have your clear loving and uplifting vibrations influence me to feel and think and speak in ways that add to the levels of Peace and Harmony and Upliftment in every situation and in every location I go to.**

**I know until asked you will not interfere, and I know you hear every request I ask, and I know it is your joy to help me in this way.**

**I truly want to live in a fully peaceful and harmonious world. As my contribution towards the world I want to live in, I will be open to your inner nudges and messages so I may be as an open flowing well-spring of your higher vibration presence. Help me stay calm so that my own inner peace and harmony will be mirror reflected as the peace and harmony I see in the world.**

**Thankyou for being my Guardian Angel and thankyou for helping me make a difference for a better world. I love you.**
