

Life Coaching Encouragement for Your Advancement

A WORD TO THE 'USELESS'.....

No one is useless in the world who lightens the burdens of it for anyone else ! It's as simple as that ! One of the most important things a person can know when feeling there is no real usefulness in their life is: *Anytime a lack of opportunity appears to be present, what is really wrong is a lack of vision - there is something we are not seeing.* The power to visualise should never be under-estimated, and can account for many great books, bridges, paintings, industries and in fact great lives you have heard of. Whether you want to create a new business, or product, or service or a new life for yourself, it all begins within yourself. Whatever you want to create or bring into your experience, first has to be created through visualisation and imagination. Getting back to being useless... Let's look around us - our work, neighbourhood, church, etc. Is there someone who needs help in any way ? Every person alive is in a position to help someone every day of their life. Choosing to do so is another matter entirely ! So Is it a matter of being useless, or, of withholding usefulness ? Clearly then, it's not a problem of lack of opportunity, but a matter of choice. Abraham Lincoln is said to have expressed the opinion that everyone is about as happy as he makes up his mind to be. Surely then, it could be equally true that everyone is about as useful as he makes up his mind to be.

"HEY, WHEN YOU GONNA HATCH ?"

"Ooh ! What's that ? Something moving inside of me ? Nah ! I'll just ignore it and maybe it will disappear - Mhhhhh! Owh ! There it goes again - oohhh! I'm scared ! I feel my shell is going to crack ! Oh ! No ! Please save me Lord. It is sort of scrunched up inside here, but what would happen to me if I hatched ? I've been watching those other eggs - Uggghhh ! When their shells crack those wet, ugly little feathery things fall out. No thanks - That's not for me - I'll just stay how I am - smooth, round and uncomplicated....errr !! I think ! Or will I ??? Say remember that egg that refused to hatch - it sure stayed smooth and round, but boy !!! did it smell...whew ! It must have been dead inside for ages !

I'm so afraid What will I do ? I don't want to look all yucky leaving my shell, but I don't want to die inside either. And if I do leave this shell - what will become of me ? Waaaahhh ! f-f-f-f-fried chicken - that's what. Why doesn't someone help me ! I might get killed Maybe I won't be so comfortable outside as I am in here. What if I grow up to be a fat old duck with a bunch of noisy little chicks to look after - that's a whole lot of work. But then maybe I'll be a majestic creature that crows from the fence post, letting everyone know who's boss. Wow - Do you suppose that could be ? I might enjoy that ! He's the king of the fowlyard - I just know that ! Look at the way he struts around...Sheesh !

I want to be a big shot, just like him ! He's afraid of nothing, or no-one except the farmer, that is ! Well, the farmer owns all of us, really. He makes all the decisions around here - I tell you ! If the old rooster crows too long or too loud, the farmer knocks him off the fence. Not really hurting him, just his pride. That old rooster has loads of pride - serves him right ! Whoopee ! What did I say about pride ? Well !! ...shucks !! I could end up awful smelly like that old egg that wouldn't hatch, if I let my pride stand in the way of me becoming whatever I am meant to be !

That's it that does it ! I'm getting outa here - I'm shaking myself loose - ugly, gawky, wet or not ! Look out world - here I come ! It's your problem if you don't like me. The time has come for me to get on with living - to be what I was meant to be - whatever that may be!

Hey! Inside ! When you gonna hatch ??????"
